Thank you for the discussion points for the call Pete (and no I'm not younger!)

Just to clarify, is item #2 "why/why not would ID criteria be appropriate for the 304(a) criteria list?

Thanks. Back in the office the last couple of days... I like it! People!

Dear Holly:

Your younger then I am.
For the agenda.

1. How was/is the Idaho Hg being developed.
2. Why/why would ID be appropriate for ND
3. Why/why not appropriate for the 304 list

Peter

Hi Pete, I believe you wanted to ask Joe Beaman more about the mercury criteria development work.

Thanks!

Dear Holly:

I am trying to remember what that call was about. I have it on my calendar(teams).

Hey Pete, I was going to develop a brief agenda for our call with Joe Beaman on Thursday. Are there any specific topics - or questions - I should include on the agenda?

Thanks! Talk with you soon.

Thanks Pete! We look very forward to meeting with y'all. We'll figure out logistics closer to the date. Hope all went well in the field last week.

Enjoy your evening!

Dear Holly:

We look forward to meeting you and Andrew and Joshua Thursday morning. Promise not to keep you long so you can get back to the promised land that evening.

Hi Pete, happy Friday!

Andrew, Joshua and I are looking forward to meeting with DEQ on Thursday, May 26 in Bismarck.

Are you and the DEQ crew, by chance, available on Thursday morning instead of the afternoon? Andrew needs to be back in Denver as early as possible on Friday. We thought if you are free Thursday morning, we could get on the road after our meeting - and maybe even get into Denver late Thursday night.

Thanks so much for considering it - and sorry to keep changing it up.

Have a great weekend!

Holly
